Dear Dr. Yves Samyn,

Hereby I, on behalf of the Moldovian GTI Focal Point, would like to express our gratitude for the copy of the latest volume of *Abc Taxa* sent to our office.

This issue of *Abc Taxa* dedicated to amphibians of Cuba is of high scientific value and represents a useful resource for researchers in the field of Zoology from all over the world, including our country. We will make sure that interested researches will have access to this volume and, in case they would like to request additional copies, we will contact you.

We wish you and the editorial board of *Abc Taxa* great achievements in your work and we look forward to new editions of *Abc Taxa*.

Yours Sincerely,

Alexandru Teleuta
